### COLLABORATION FORUM

The existence of indicators in Juvenile justice is a key to evaluate and address the juvenile justice systems in Europe, in order to guarantee that all children in conflict with the law, have correct and fair assistance at all time, and the international standards are respected. The biggest challenge for the development of indicators is the huge diversity of the systems in Europe and the different methodologies used to address the issues.

*What should be taken into account to create common and regional indicators in juvenile justice?*

**The need of global Juvenile Justice Indicators for Europe**

### JOB & INTERNSHIP DATABASE

The Job and Internship database informs about the latest job and internship offers sent by organisations related to Juvenile Justice; our purpose is to facilitate the gathering of people and organizations that are involved in the juvenile justice field.

The Job and Internship database offers a virtual space to organizations related to Juvenile Justice where they can publish their job and internship offers. If your organisation wishes to publish a job offer, please click on the following link and fill out the document.
